

Determination of Budget Priorities

All resources of the district shall be directed toward ensuring that all students reach their learning potential, including that they meet or exceed state and district content standards.

In order to fulfill its trustee obligation with regard to district resources, the Board must know how resources are currently allocated, whether such allocation is effective and what changes should be made to achieve the greatest educational returns. 2. link specific inputs with results for students and determine whether the current allocation of resources is effective in raising student achievement
3. identify ways to better use resources to achieve the district's educational objectives and improve teaching and learning

As part of the budget preparation process, each school-level accountability committee shall make recommendations to the principal relative to priorities for expenditures of district funds by the school. The principal shall consider these recommendations when formulating budget requests to be presented to the superintendent. The superintendent or designee shall also consider the accountability committee recommendations when preparing the budget to be presented to the Board of Education. A copy of the school-level accountability recommendations shall be sent to the district accountability committee and to the Board.

9. not excessively rely on nonrecurring revenues
10. not provide for expenditures, interfund transfers or reserves in excess of available revenues and beginning fund balances

13. provide adequate and reasonable budget support for Board development and other governance priorities, including the costs of fiscal audits, Board and committee meetings, Board memberships and district legal fees
14. take into consideration fiscal soundness in future years and plans for the building of organizational capabilities sufficient to achieve the Board's goals in future years
15. reflect anticipated changes in employee compensation including inflationary adjustments, step increases, performance increases and benefits
