

Facilities Planning

The Board believes that facilities are an integral part of instruction. Facilities represent a major investment for the district and facilities planning is an essential component of instructional planning. It is the Board's goal to plan facilities that will:

1. Efficiently house students and staff in permanent facilities that are conducive to optimal teaching and learning
2. Be appropriately located to provide optimal use during the life of the facility
3. Provide equity in instructional opportunities for all students
4. Reflect the value placed on instruction by the school district community
