

Physical Education

The Board, recognizing the importance of physical education for all students, is committed to providing adequate funds for facilities, equipment, personnel and supplies within the district's financial ability. The Board also recognizes the need to balance available funds among all areas of the curriculum.

The superintendent or designee will direct the implementation of a coordinated physical education program for district students that is aligned with district physical education standards.

Physical education and/or physical fitness activities shall be available for all students, including those with special medical or physical needs.
