Title: Public's Right to Know/Freedom of Information

Public's Right to Know/Freedom of Information

District schools belong to and are operated for the benefit of the citizens of Pueblo.

The Board is a public servant, and its meetings and records shall be matters of public information, subject to such restrictions as are set by federal law or regulation, by state statute or by pertinent court rulings.

The official minutes of the Board, its written policies and its financial records shall be open for inspection at the office of the superintendent by any citizen desiring to examine them during hours when the office of the superintendent is open. However, no records shall be released for inspection by the public or any unauthorized persons—either by the superintendent or any other person designated as custodian for school district records—if such disclosure would be contrary to the public interest as described in state law or otherwise prohibited by law. The district’s financial information shall be posted online in accordance with the Public School Financial Transparency Act.

In responding to a request for the district’s public records, the district may charge a fee for staff time spent in excess of one hour for the following: researching and retrieving the requested records; conducting searches for requested records; reviewing records to determine whether they are responsive to the request; identifying and separating those records that are not public and/or are privileged or confidential; photocopying, scanning or printing records; and other activities required to locate the records and make them accessible to the person requesting the records. Such fee shall be \$30 per hour, which may be increased from time to time as permitted by applicable state law. The district may also charge other reasonable fees in responding to a request for the district’s public records, in accordance with the accompanying regulation.

The Board wishes to support the right of the people to know about the programs and services of their schools and shall make reasonable efforts to disseminate information. Each principal is authorized to use all means available to keep parents/guardians and others of that particular school’s community informed about the school’s program and activities.
